Itinerary

Where the bisse takes water, cross the bridge and continue on the Bisse de Moosgufer as far as Saas Grund. For the return, make your way downhill to Saas Grund to a place called «Unner de Bodme». You can retrace your steps towards Saas-Almagell by a lovely path on the left bank of the Saaservispa river. This trail also works in the opposite direction. Whichever you choose, follow signs for «Almageller-Suone».

A beautiful region off the beaten tourist track of the Saas valley. A varied and enjoyable, quiet trail.

All along the trail you can find benches to admire the view or picnic.
